We have stirring news from Madison this morning. The usurping Governor sets the Supreme Court at defiance, and avows his purpose to maintain by force, what he acquired by fraud. ## The Esprer Defring the Court!

It will be seen by the news from Madison, that Mr. Barstow, who holds by fraud and for gery, a certificate of election as Governor of this State, has withdrawn from the contest he prolessed himself so ready to meet, and refuses to recognize the authority of the Supreme Court to inquire into the title by which he holds his office. The result is not unexpected to those who I we watched the past career of this desperate man. Not during to try the case on its merits; knowing that the investigation which the People demand will wrose him a usurper, he sets up the dignity of his office, as an excuse for defying the Court, and pleads his oath-an oath to support the Constitution and Laws-as a reason for defving the Court, resisting the Law and mampling upon the Constitution. His message, or apology rather, in extenuation of this high-handed and indefensible act, will be found in our colurins. Want of space obliges us to defer till our next the comments which it demands. Meantime we entertain the abiding conviction that the Court will do its duty, and that THE Proper will sustain the

The K. N. and Democratic Atlies.

The News continues to be exercised-as well it may-touching the perfidy of the Tham Democratic Representatives in Congress, who, abondoning their platform and candidate, and in the face of their frequent and lond-mouthed professions of especial lave and record for the rights of Adopted Ortizens, voted in mass, first for Goy SEITH, & Know Nothing Democrat from Vinginis, and then for Gov. Feeling the ut gent necessity of trumping up some excuse for this treacherous, unprincipled and ungrateful conduct, on the part of the bogots Democracia, the News pleads first, that Gov. When charged with the. on the decisive morning Mr. Aikey, instead of responding yea, or nay, like a man, took refuge in the evasive reply that he "was not a candidate for Speaker;" while Mr. H. The advantages offered are security beyond the reach of checumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evension. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed out-third as much as in Stock O-mainties, asyling nothing of the increased security and the incompatible ense with which tosses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar,—its business is principally conflued to this State.
